Sacral Nerve Stimulation - A Paradigm Shift in the Management of Fecal Incontinence

Wednesday, March 12, 2014
7:30am to 8:30 am
Pennsylvania Hospital
Zubrow Auditorium

Joshua I.S. Bleier, M.D. FACS, FASCRS
Assistant Professor of Surgery, Perelman School of Medicine at Univ of Penn
Section Chief of Colorectal Surgery, Pennsylvania Hospital
Associate Program Director, Colorectal Fellowship

Target Audience
This program has been designed for departmental/institutional faculty, fellows, residents, medical students, other health sciences students, nurses, allied health professionals, community physicians, QA/CEQI personnel, and administrators, in the medical specialties of Ob/Gyn including all subspecialties and neonatology.

Educational Objectives
After completing this activity, participants should be able to:
• Interpret and apply in practice information about new concepts in Ob/Gyn
• Employ cross-disciplinary expertise to the practice of Ob/Gyn
• Recognize and identify pre-existing conditions that affect Ob/Gyn patient’s diagnosis and treatment
• Identify the relationship between non-medical topics and/or procedures related to Ob/Gyn and women’s healthcare

Accreditation
The Perelman School of Medicine at the University of Pennsylvania is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation of Credit
The Perelman School of Medicine at the University of Pennsylvania designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Acknowledgement of Commercial Support*
NONE

Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at the Perelman School of Medicine at the University of Pennsylvania for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships that they have with any commercial interest that provides products or services that may be relevant to the content of this continuing medical education activity. For this purpose we consider relationships of the person involved in the CME activity to include financial relationships of a spouse or partner.

The intent of this policy is not to prevent expert faculty with relevant relationship(s) with commercial interest(s) from involvement in CME, but rather to ensure that Penn CME-certified activities promote quality and safety, are effective in improving medical practice, are based on valid content, and are independent of control from commercial interests and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information provided to the Penn Office of CME was found to contain relationships that created a conflict of interest relative to the topic of their presentation. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of CME at the Perelman School of Medicine at the University of Pennsylvania, Mila Kostic, Director of CME and the peer reviewer Zalman Agus, MD, Associate Dean for CME, have disclosed that they have no relevant financial relationships with any commercial interests related to the content of this educational activity.

The following individuals have disclosed that they have no relevant financial relationships with any commercial interests related to the content of this educational activity:

**Planning Committee Member Name**

Relevant Financial Relationships: Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected.

**Disclosure of Unapproved Uses of Products**

**Presenter Name**
