

How to Log In to an Existing Account:

You can log in to your Penn CME account by clicking the “Log In” button near the top right.

On the next screen, enter your Username and Password and then “Log In”.

If you have an existing Penn CME account but are unable to remember your password, you can request a new password by clicking “Request new password” and then entering either your username or your email address. An email with a password reset link will be sent to you which will give you access to your account so you can update your password.
